

# MEET PRICE SET ONE

We are **Kings**, born at a good time, and the Lord is with us.

Our **God is powerful**, and **His counsel** for our lives will stand.

**God has honored us with the crown** of glory, and **He dwells among us**.

God has brought us together in Christ, with hope that **this army will advance as one man**.

A united front, showcasing Christ alone.

We pray that each day, **our wealth which is in the cross will increase by one**, as we die daily.

**Who is this our God**, who has **birthed us in Royalty?**

**He is our support.**

The **wealth we have in Him is the source of our Joy**.

**God has indeed brought us Joy**. Really, **He is worthy of our praise**.

Let's thank Him who has **drawn us out of the water**, and buried the Egyptians behind us.

Thus has **the Lord vindicated us**, and He shall set us in High places.

**NOT FOR PRICE, NOR REWARD.**

#### TESTIMONIES

**T**o God be the glory, who made it possible for this PRICE experience in my life to be achieved in His own way and time. I have been trained and taught a lot. Which include:

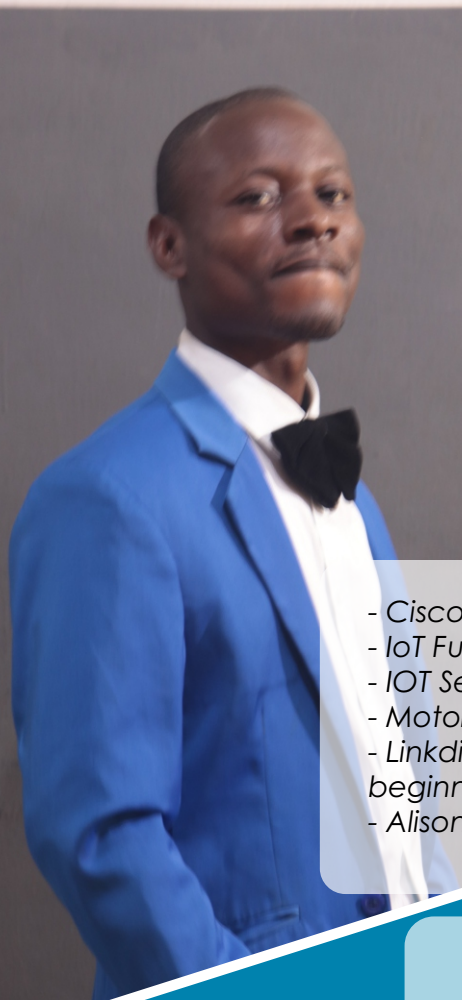

**A. Spiritually:** Daily walk with God , Enlargement of heart, Interpersonal relationship and communication skills, Earnest seeking of God's plans at each phase of my life, Living by faith for God's provisions

**B. Academically:** Bioscience knowledge, Certifications from Cisco and Coursera

**C. Emotionally:** Empathy and compassionate interactions with people, Leadership skills, Lifestyle and Character Building, Field trips exposure.

There was a particular scripture God inscribed into my heart one day, John 9 verse 4. He made me realize that all the years that He has kept me, that I have not surrendered my whole life to Him diligently. I acknowledged it, and asked for His grace to do all His works wholeheartedly, before my night comes.

I pray all these that I have learnt and would still learn later in life would be for His glory and praise, Amen.

#### TESTIMONIES

I would like to appreciate God for the mercy He showed me by bringing me to PRICE.

In being here, whereas I would not say I have attained or have become all that God has planned to make me, I must say that I have known God help in these two years.

I have learned above all to dwell with people from different culture and personalities, in the course of my relating with people, God showed me my rough edges and the need to become more like Him.

I am learning more to live by the word of God, Christianity has become more practical than theoretical, I have also seen God help me in areas I struggled with before. Through the experiences I had, I saw God spreading me and giving me a firm foundation.

For me discipleship became more practical. I also learned various skills that I would not have got if left to myself. I learned team work, obedience, submission, etc. I saw God help my prayer and study life and hearing God.

God be praised, I believe He will keep brooding over me till I am like Jesus

## TESTIMONIES

**M**y coming to PRICE was an invitation to come to the Lord (Isaiah 55:1-5). This indeed is my testimony in PRICE. I have come onto the Lord Jesus Christ. My eyes have seen the Lord and my hands have handled Him.

My stay in PRICE has brought transformation to the total me (my heart, head and hands):

**Heart:** God has through my stay in PRICE given me experiences and expressions of the Life of Christ, developing in me a mindset that believes and engages God for all things. God has found me a Vessel to ever carry Him.

**Head:** Each day in PRICE is filled with several things to learn. Things that range from Academics, Discipleship, Leadership, Entrepreneurship and Professionalism.

**Hands:** My stay in PRICE has exposed me to various skills and knowledge. Several professional exposures and engagements.

My coming to PRICE was a show of God's mercy to me. My soul found life and purpose in Christ. My heart, head and hands prepared to enter the fulfillment of God's purpose for me. I am ever grateful to God who has brought me into this glorious family of Christ, and the glorious hands that God has used to mold and form me in this pattern. I'm grateful.  
Hallelujah!

## TESTIMONIES

I want to start by first thanking God for enlisting me among those that He has called to be endowed. The lord told me in Isaiah 55:5(NIV) that He will endow me with splendor and He achieved part of it by bringing me to Price. I am One with inferiority complex, because of my inability to bring to practical what I learnt in the higher education. But now , the Lord Himself has given knowledge that I can boldly say I own. I had some lapses in my walk with God, some character that were hidden that were not compatible with His life.I saw how God with circumstances brought them out and made me into what He wanted for my life. As for discipleship, I saw how the Lord raised brethren to straighten some crooked part of my life, how at each point of need , I was given good counsel and was challenged in all that they said. I had a complete discipleship. My hand ,my heart and my head experienced the help of the Lord in conformance to the life of Christ. I have tasted and have seen that the Lord is good. Glory to God Almighty

## PROJECT WORK IN PRICE

BEHAVIOURAL AND QUALITY PROPERTIES OF GRAPHENE  
Produced from Selected Waste

It Is Not My Right. What I have received, enjoyed, seen, handled and verified in PRICE is not by my right. What I have been given freely is not by my right.

The experiences, exposure and values I have encountered within 2 years are what money cannot buy, family and friends cannot give. I daily experienced my needs met by God's word, godly counsels and instructions. I have been taken by the simplicity of God's servants lifestyle and their operations. I have been taken by the depth of truth in this house by both young and old.

I enjoyed the freedom to hear and follow God personally and not led by impostors. I have been exposed to learn and walk in complete faith as pertains to life and godliness, not one-sided faith. I have been exposed to joyful Christian marriages and I am convinced that mine too will work by His grace.

Exposed to One-Life; that is: no dichotomy between secularism and spirituality, life in workplace and church. I have learnt that all things must be taken as spiritual with eternal life oozing out anywhere and everywhere. I have been taken by God's work being done joyfully across different departments with hierarchy not been portend. And yet, I have experienced grace for service. True passion for service, hard-work and being meticulous. I have been exposed to seasoned and world-class

instructors and unique curriculum. But yet all came freely and not by my right. In short, I have been exposed to God through His many servants. I have been baptized into the life and a cause to die for.

They have planted a seed. They will surely hear about and experience its growth and fruits in Jesus' name.

ACQUIRED****PROJECT WORK IN PRICE****VITAL SIGNS MONITORING DEVICE**

I give glory to God for the opportunity to be part of this life-transforming training. PRICE has positively affected my heart, head and hands.

My walk with God has greatly improved while in PRICE. This is due to the enriching instructions (messages), discipleship and deliberate efforts and supports from our leadership to help me cultivate a stable and intimate relationship with God. The biblical principles of living by faith, hearing from God and many more have been practically demonstrated to me. By the grace of God, I have personally practiced and proved them to be real and effective in handling life issues.

The training constantly challenge my life 掙 ideologies and made them to be in conformity with God 掙 word. I can now freely and confidently refer to the word of God on any subject of life. This has greatly improved my interpersonal relationship, cultivation of team spirit, conflict resolution and management and so on.

While in PRICE, I have been able to acquire the requisite skills, certifications and professional exposures needed to stand for God in the marketplace. This has been made possible by participating in high impact projects and interactions with world-class, yet godly lecturers.

I thank the Lord, the leadership of Peace House and PRICE for giving me the privilege to be part of this life-changing training.

Being in PRICE has been a beautiful experience for me. I believe that I was shown mercy so that Christ Jesus could display His immense love through me. I see myself as an example for others who will come after me.

Coming for the programme, I came with an open heart, ready to allow God to work in me. PRICE has been instrumental in my spiritual growth, deepening my connection with God and teaching me how to rely on Him. It has also been an experience that has helped me to trust in God's provision and to have complete faith in Him in all aspects of my life.

Moreover, the programme has provided me with valuable discipleship opportunities, including different exposures and privileges of working under men who have authority over my life, allowing me to grow in my discipleship journey. Their guidance and leadership have been invaluable. And also, the various technological skills that the programme has added to me, that even after here, there is value to add to wherever I find myself.

To summarise, I am immensely grateful for the transformative experiences and invaluable lessons I have learned during my time in the programme. The PRICE has had a profound impact on me, shaping my heart, mind, and hands, and providing me with new skills and perspectives. I am deeply appreciative of the opportunities it has afforded me and the personal growth it has facilitated.

A Transformative Journey at PRICE: Embracing God's Mercy

My journey at PRICE has been a testament to God's transformative mercy and guidance in my life. Within its walls, I discovered the true purpose and relevance of my existence, shifting my perspective from societal norms to God's divine plan. PRICE became a sanctuary of growth, where I confronted and conquered my fears. God revealed to me the limitations I had imposed upon myself due to fear and lack of faith. Through various encounters and experiences, He broke the chains that held me back, empowering me to step out in faith and embrace responsibilities beyond my perceived capabilities. PRICE became a training ground where I acquired valuable skills and accomplished tasks I once deemed impossible. PRICE has also taught me the invaluable lesson of trusting in God's provision. In times of uncertainty, I witnessed His faithfulness, both in my personal life and within the institute. Though challenges arose during seasons of waiting, I discovered that obedience and wholehearted trust in God resulted in abundant blessings.

PRICE also emphasized the significance of living a consistent Christian life, where faith transcends specific environments or circumstances. It taught me to integrate the One Life Principle, aligning my actions and attitudes with God's Word at all times and anywhere.

With profound gratitude, I acknowledge PRICE as a divine catalyst for growth, propelling me to pursue God's promises and recover all that He has ordained for me. This transformative journey has strengthened my faith, shaping me into the person God intends me to be.

## PROJECT WORK IN PRICE

SCHOOL MANAGEMENT SYSTEM (a comprehensive web-based application)

Christ, while I was yet a sinner, died for me, accomplishing everything on my behalf. To Him be all the glory.

With God's mercies obtained and guidance from my discipler, I was led to PRICE, my divine molding quarry. There, God revealed Himself to me and connected me with His chosen vessels, preparing me for the palace. He equipped me with invaluable skills, including leadership, programming, project management, time management, communication, teamwork, problem-solving, hospitality, and catering skills, which were not present in me before. He graciously gave me the opportunity to work in a team of new creation minds, offering solutions to the long-standing water problem in Bethany resort by deploying water purification solutions using locally sourced materials, harnessing solar energy to restore power through the installation of solar panels, and building a school management system to streamline administrative processes, just to mention a few.

God has changed me in so many ways through PRICE, training my mind, heart, and hands. He granted me a new heart, a sense of purpose and direction, a life of faith, patience, obedience, compassion, contentment, sincerity, commitment, love, diligence, and, above all, grace to walk with Him, all freely and without cost.

In PRICE, I learned how to cook different meals with Christ's guidance, bringing new innovative ideas, and through His divine provisions, my faith increased. I also learned how to hear God effectively and spend quality time alone with Him in quiet reflection. I had audiovisuals showing me what a godly home should be like, and I came to understand the importance of effective discipleship and following Christ through the instrumentality of His undiluted word, which has left an indelible imprint of God's transformative presence upon my life. Now, I have embraced growth in my knowledge of Jesus Christ, my Lord.

As I continue my journey in total dependence on God's grace, I will not forsake this way of Christ. I am sure that God, who began this good work in me, will carry it on until it is finished on the Day of Christ Jesus.

I extend my heartfelt gratitude to the entire PRICE team, who selflessly sacrificed their lives in obedience to God's will, persistently urging Christ's formation within me. May God abundantly bless you. Christ has done it for me. Praise God!
